Dear Parent/Carer

As part of our Erasmus+ project, we will be hosting a small group of Polish staff and students from our partner school in Poznan next month. Two Sixth Form students will be visiting West Kirby; they will attend lessons and are also hoping to take part in a short work experience placement. They intend coming to West Kirby from 28 January until 4 February 2018.

We are looking for host families for the students. This year, the project centres around modern languages and English, but this will lead next year to the sciences, technology and mathematics. The project focuses on teaching and learning methodologies and the use of new technology in the classroom.

Our student exchanges are reciprocal visits, and we would hope to be able to offer students who host families the opportunity to take part in a visit during the project. A visit to Poznan is expected to take place in March. Our partner schools are in Finland, France, Germany, Hungary and Poland. The project receives funding from the EU via the British Council.

If you are interested in hosting a student from Poland, and you would like further information, please feel free to contact me at the school.

Yours sincerely

Mr M Thomas  
Assistant Headteacher
